## In Christ, Impossible Is Nothing

Our September sermon series seeks to inspire our church members to recognize that in Christ, we are never too young to reign, never too old to claim, never too broken to lead, and never too far to return. Let us pray that all of us will inculcate this indomitable spirit as we overcome every challenge in Christ!

We thank God for our Monday discipleship group where Sarah, under my supervision, disciples the young participants namely Debbie, Johnny, Na, Non, Rachel and Tang joining us. We also thank God that Na and Tang

have performed a song presentation during one of our

church services. Please pray that this group will grow in faith and be rooted in our church. In addition, we thank God that Tang has successfully reached out to Manow and Kaem, and these undergrads have subsequently been restored in faith through our church. Moreover, Sarah has invited Keng, a male undergrad who has been

attending our church for three weeks even though he is still a pre-believer.

Please pray for these new ones too.

Next, Henry, under my supervision, has started a Saturday discipleship group with Anthony, Blessings, Emily, Nyein Chan, Saw Kaw and Silvilay. However, this group is still in formative stage as several, apart from Anthony, have not committed to our church yet. Please pray for Henry and the group to grow in discipleship. Besides, we thank God for Julius, a Kenyan, who has been joining us and tithing in our church. Please pray that he and his family will commit to a long-term training and ministry with us. Further, please pray for the Henry, Naomi and Sarah as they are working, studying and serving actively. Please pray that God shall bless us with continual, sustainable growth in people, pillars and properties. Finally, please pray for God's covering upon our church and ministries as the country is gradually opening up to foreigners in spite of the low rate of vaccination.
