May 2021

Igniting Faith Through Christ's Resurrection

Thank you for your consistent prayers, and may your faith be ignited as you celebrate Christ's resurrection!

From 29 March to 2 April 2021, we conducted daily Holy Week Services. We committed to grow in obedience, acceptance, and humility as we reflected on Christ's servanthood, suffering and sacrifice. One of the divinely-inspired moments happened during Maundy Thursday when members prayerfully drew lots to decide whose feet they would be washing. This helped them to ponder how they should serve one another in a more meaningful way

forward. Another memorable moment came during the Good Friday Service where members individually knelt at the altar to confess, repent and give thanks before the Lord.

Besides, in the month of April, we celebrated the resurrection of Christ that has ignited our faith for greater fellowship, discipleship and service in Christ. These topics have proven to be highly relevant as Thailand – right after Easter – has unexpectedly witnessed a surge of Covid-19 infections where hundreds of cases have been reported daily. Consequently, many have turned to online services due to restrictive company policies, vulnerable health conditions or other personal reasons. We thank you for your earnest prayers as we continue to exercise God-given authority over the virus and all challenges.

Finally, we thank God that Sarah, Henry and Juanjuan have done well for their studies. Despite having to work several part-time jobs, Sarah scored GPA 3.75 (out of 4), which is her highest in her Bachelor's years. As for the Master's students, Juanjuan scored GPA 3.25 in her first semester after switching to the Faculty of Economics while Henry excelled with 4 As bringing his first year's cumulative GPA to 3.93. All of them testified God's faithfulness as they have been highly committed and actively serving in church. We thank you for your continual prayers as we desire for more souls added, disciples raised and leaders developed in our church.
