Take Steps for Next Miracle

With the October sermon series focusing on taking steps for next miracle, our church members are prepared to receive God's miracles in spite of the dry season, unpredictable times, and other challenging circumstances. Let us pray that Thai Tabernacle Church will experience sustainable exponential quantitative and qualitative growth!

We thank God that we have made several initiatives this month. First, we visited some residential care facilities (for orphans and vulnerable children) to offer them holistic transition for their graduating students. With our

church's ministry, these high school leavers could access proper assistance in new accommodation, tertiary education and spiritual care lest they leave the faith and fall into wrong

company. Besides, we visited a young believer for the edification of faith. Third, we organize a university fellowship event for the purposes of social bonding and teaching sexual purity. At the

end of the event, we invite those who are ready to make a covenant with God to stay pure in a world of sexual madness. Please continue to pray for the Lord to bless our efforts to build the church.

We also thank God for a couple of additions this month: Mr. Non-Noi and Ms. Bow. Collectively, please pray for our spiritual fruits that they will be rooted and will grow in our church: those in residential care (Debbie, Gan, Min, Niw, Non, Non-Noi and Rachel) and those in private school and universities (Anthony, Bow, Johnny, Julius, Kaem, Manow, Na and Tang). Please pray for the salvation of some pre-believers who have visited our church several times: Keng and Nid. Let us also pray for much more good fruits to be multiplied in our midst!
